

## **RESUME SELF CHECK**

Use the checklist below to evaluate your resume. Checking elements that need attention and elements that are complete. Add comments to revisit as you make revisions.

| FORMAT/APPEARANCE   | Excellent | Needs<br>Attention |
|---|-----------|--------------------|
| Visually appealing (Appears clean and easy to read at first glance, not too wordy)                      |           |                    |
| Appropriate length  |           |                    |
| Free of grammatical and spelling errors   |           |                    |
| The resume was NOT made by a computer-based resume maker (template).                                    |           |                    |
| Comments:   |           |                    |
| HEADER  | 1         | T                  |
|   |           |                    |
| The name is in a bigger font than the rest of the resume text   |           |                    |
| The email has no underlining or color   |           |                    |
| Only one address, phone, and email is listed. These are not labelled (For example: Cell:)               |           |                    |
| Comments:   |           |                    |
| OBJECTIVE OR <u>SUMMARY</u>   |           |                    |
| The objective is specific   |           |                    |
| The objective names 2-3 specific skills that will be useful for the position being sought               |           |                    |
| OR  |           |                    |
| The summary points are relevant to the position being sought  |           |                    |
| The summary includes concrete information about specific accomplishments and skills                     |           |                    |
| Comments:   |           |                    |
| EDUCATION SECTION   |           |                    |
| The education section is placed just after the objective or summary                                     |           |                    |
| The current or most recent degree/major is listed first and is worded accurately                        |           |                    |
| The actual or expected graduation date is listed (Month and Year)                                       |           |                    |
| All emphases, minors, and academic certificates are listed  |           |                    |
| If more than one degree is listed, all degrees are written in consistent format                         |           |                    |
| GPA is listed (if at least 3.0); include the scale, for example: 3.0/4.0                                |           |                    |
| Relevant coursework and/or applied coursework is listed (if appropriate)                                |           |                    |
| Comments:   |           |                    |
| WORK EXPERIENCE SECTION   |           |                    |
| Jobs are listed in reverse chronological (most recent to oldest) order                                  |           |                    |
| Job title line is in proper order ( <b>Bolded Job Title,</b> Company, City, State, Dates of Employment) |           |                    |
| High school jobs are omitted (OK for traditional freshmen to include)                                   |           |                    |
| Comments:   |           |                    |

| BULLET POINTS  | Excellent | Needs<br>Attention |
|--|-----------|--------------------|
| Job duties and accomplishments are written in bulleted items (and not paragraphs)  |           |                    |
| The content is relevant to the position being sought   |           |                    |
| The bulleted items start with action verbs & pass the "I" exam   |           |                    |
| Bulleted items are descriptive and meaningful. They demonstrate skills and accomplishments.  |           |                    |
| They address what was done and 1 or more: how it was done, how well it was done, and why it was worth doing (results)  |           |                    |
| Accomplishments are quantified when possible ("Raised more than \$2000 by")  |           |                    |
| Verbs are in present tense for current activities and past tense for past activities   |           |                    |
| Both job-specific and transferrable skills are demonstrated  |           |                    |
| Career readiness competencies are demonstrated: Critical Thinking/Problem Solving,   |           |                    |
| Oral/Written Communications, Teamwork/Collaboration, Digital Technology, Leadership,   |           |                    |
| Professionalism/Work Ethic, Global/Intercultural Fluency   |           |                    |
| Comments:  |           |                    |
|  |           |                    |
| SKILLS   |           |                    |
| Technical and language skills are listed   |           |                    |
| Technical and language skills are listed  Non-technical/language skills (leadership, organization, communication, etc.) are demonstrated   |           |                    |
| Technical and language skills are listed  Non-technical/language skills (leadership, organization, communication, etc.) are demonstrated in relevant sections and NOT listed in a skills section   |           |                    |
| Technical and language skills are listed  Non-technical/language skills (leadership, organization, communication, etc.) are demonstrated in relevant sections and NOT listed in a skills section  Language skill levels (fluent, conversant, familiar with) are specified  |           |                    |
| Technical and language skills are listed  Non-technical/language skills (leadership, organization, communication, etc.) are demonstrated in relevant sections and NOT listed in a skills section  Language skill levels (fluent, conversant, familiar with) are specified  Computer and technical fields only: Computer skills are organized into categories (Programming  |           |                    |
| Technical and language skills are listed  Non-technical/language skills (leadership, organization, communication, etc.) are demonstrated in relevant sections and NOT listed in a skills section  Language skill levels (fluent, conversant, familiar with) are specified  Computer and technical fields only: Computer skills are organized into categories (Programming Languages, Platforms, Database Systems, etc.)  |           |                    |
| Technical and language skills are listed  Non-technical/language skills (leadership, organization, communication, etc.) are demonstrated in relevant sections and NOT listed in a skills section  Language skill levels (fluent, conversant, familiar with) are specified  Computer and technical fields only: Computer skills are organized into categories (Programming Languages, Platforms, Database Systems, etc.)  Computer and technical fields only: Skills section is listed right after the education section  |           |                    |
| Technical and language skills are listed  Non-technical/language skills (leadership, organization, communication, etc.) are demonstrated in relevant sections and NOT listed in a skills section  Language skill levels (fluent, conversant, familiar with) are specified  Computer and technical fields only: Computer skills are organized into categories (Programming Languages, Platforms, Database Systems, etc.)  |           |                    |
| Technical and language skills are listed  Non-technical/language skills (leadership, organization, communication, etc.) are demonstrated in relevant sections and NOT listed in a skills section  Language skill levels (fluent, conversant, familiar with) are specified  Computer and technical fields only: Computer skills are organized into categories (Programming Languages, Platforms, Database Systems, etc.)  Computer and technical fields only: Skills section is listed right after the education section  Comments:   |           |                    |
| Technical and language skills are listed  Non-technical/language skills (leadership, organization, communication, etc.) are demonstrated in relevant sections and NOT listed in a skills section  Language skill levels (fluent, conversant, familiar with) are specified  Computer and technical fields only: Computer skills are organized into categories (Programming Languages, Platforms, Database Systems, etc.)  Computer and technical fields only: Skills section is listed right after the education section  Comments:  EXTRACURRICULAR ACTIVITIES/VOLUNTEER ACTIVITIES/HONORS & AWARDS  |           |                    |
| Technical and language skills are listed  Non-technical/language skills (leadership, organization, communication, etc.) are demonstrated in relevant sections and NOT listed in a skills section  Language skill levels (fluent, conversant, familiar with) are specified  Computer and technical fields only: Computer skills are organized into categories (Programming Languages, Platforms, Database Systems, etc.)  Computer and technical fields only: Skills section is listed right after the education section  Comments:  EXTRACURRICULAR ACTIVITIES/VOLUNTEER ACTIVITIES/HONORS & AWARDS  Activities are relevant to the position being sought  |           |                    |
